Our THIRD Year

WARNING!

WHAT YOU ARE ABOUT TO READ MAY BE INJURIOUS TO YOUR PEACE OF MIND.

The DAILY NEWS DIGEST deals with "gut" issues. What we report is disturbing to many people. We think the world is headed for a massive depression and all that comes with it. But this time, it will be the worst ever seen by civilized man. We believe that by knowing about it, a person can prepare for it. Maybe even profit from it. We give a comprehensive review and analysis of important news from hundreds of sources, here and abroad, thus you may form your own opinions and predictions about current trends. We'll help you to know what is coming, when it can be expected, where it will strike first, why it's going to occur, and how you can best protect your family and business. ONLY THE STRONG NEED READ ANY FURTHER!

THE DAILY NEWS DIGEST IS DIFFERENT:

The DAILY NEWS DIGEST covers ECONOMICS, GEOPOLITICAL AFFAIRS, GOLD, SILVER, INFLATION, DEFLATION, and it does it every week.

Our readers are often days, weeks and even months ahead of everyone in knowing what's going to happen. For example: We started talking about southern Africa months before it hit the headlines. Our coverage of Mexico over the past 2 years exceeds that of any other newsletter. (We mentioned the peso devaluation 22 weeks before it occurred!) The Panama tragedy, the build-up of USSR military strength, our prediction that Jimmy Carter would be president before he was even nominated, are further examples of our news leadership.

WHY WE'RE UNIQUE:

We handle each news item in a very special way. First: We write in very simple, easily understood language. Second: We print the facts complete with source, date, and page number. (This allows you to check the full story as we shorten them greatly in most cases.) Third: Plainly separated from the factual account -- we present our opinion and/or analysis! Fourth: Added to all this, we research and report what nearly all the major financial writers are saying.

HOW GOOD ARE WE?:

We've been quoted by: James Dines, Jim McKeever, Inflation Survival Letter, Pat Wood, James Sibbet, James Blanchard, radio and TV stations, newspapers, etc. We've been praised by Vern Myers and have received the personal endorsement of the noted author, lecturer and publisher, Howard Ruff.

WHO READS THE DIGEST?:

Our subscribers live in every state of the Union and several foreign countries. Teachers use it in the classroom; governmental officials read it to save time; law enforcement agencies read it; ministers draw sermons from it; newspaper and TV reporters read it; corporate presidents read it; homemakers read it.

WHY? :

In brief, we're a tough, outspoken, non-establishment, responsible newsletter that believes the shortest route between two points is a straight line. We don't waste your time or ours on "wordy" stories. If you're sick of what you're being fed by TV and the national media, then the DAILY NEWS DIGEST belongs in your home or office.

The Digest saves time and has proven itself a trustworthy source of news. As such, it has great value to everyone. (It's also tax deductible to businesses and investors.)

IF YOU WANT AN ACCURATE, OVERALL PICTURE OF WHAT'S HAPPENING IN THIS WORLD, YOU NEED THE DAILY NEWS DIGEST.

HOW CAN WE DO THIS?:

Our staff of advisors and writers is headed by a professional journalist and broadcaster, W.A. "John" Johnson, who has 25 years experience in this field. This quarter-century background enables us to "smell" out the significant political and economic news of the moment.

The massive amount of material that is researched each day is condensed, printed and mailed to you each Friday afternoon.

HOW TO MAKE STOCKBROKERS REFUND YOUR LOSSES!

*Rarely does a book
have a major impact on the
thinking of an entire nation,
but the
"stockbroker's ripoff"
is rapidly approaching that stature*

WHY?

Most investors used to trust stockbrokers until they started reading about them and learned how they were ripping people off.

SENIOR CITIZENS have lost millions of dollars because they thought they could trust their stockbroker. If you don't believe what I am saying read your own local newspaper and see how many brokers are being fined and put out of business almost every day.

The public has been kept ignorant of ways to **GET THEIR MONEY BACK**. There even have been attempts to prevent disclosure of this material.

SMALL AND LARGE INVESTORS have received refunds of \$100, \$500 to \$10,000 and more because they knew the simple **HOW-TO'S** found in this amazing book.

- SECRETS NEVER
MADE KNOWN
"THE MOST CONTROVERSIAL
BOOK EVER WRITTEN ABOUT
STOCKBROKERS"

Because the utter simplicity of the truths that lie within the covers of this book — in our age of intellectual mumbo jumbo — is like a breath of fresh air for a world too long saturated by myths, guilt-inducing rhetoric, and foundationless traditions.

If you've ever found yourself coming out on the short end of the stick — you'll very quickly understand why **"the stockbroker's ripoff!"** has made an almost unbelievably sudden and dramatic impact on readers throughout America. Because if you heed the realities exposed in this book, there will be fewer occasions when you'll be scratching your head and trying to figure out why a situation you thought you had under control ended up falling apart at the seams.

TO BE RIPPED OFF OR NOT TO BE RIPPED OFF? — THAT IS THE QUESTION.

Getting ripped off is a common thread that runs through virtually every facet of life. After clearing away all of the academic nonsense — all of the irrelevant fat — knowing the facts is, plain and simple, the crucial factor that decides the outcome of most events.

Even if you're a "successful" person, there are moments when you are subtly ripped off by others without being aware of it. (Those "others" I am talking about are your so-called friendly stockbrokers whom you come in contact with during your normal day-to-day activities.) You may only recognize the results when you have lost part or all of your savings — a "game" that's lost!

By — **BEST SELLING AUTHOR, David A. Rothchild, former PRESIDENT and BOARD CHAIRMAN of a MAJOR STOCKBROKERAGE firm**, a leading authority and expert in his field.

I will show you **HOW** stockbrokers may take advantage of you and how **simple and EASY** it is to get your **MONEY** back.

I will tell you **SECRETS** that have never been shared with the public until now. I have told only a few friends **HOW** they may get a refund for losses that have occurred in their accounts.

It doesn't require a "lawyer." All you have to do is read this simple book and I will tell you what to do.
NO LOSS IS TOO SMALL OR TOO LARGE TO RECOVER.

COMMENTS OF ENTHUSIASM CONTINUE TO POUR IN . . .
